Linux SIG - Aug 22, 2007

Burning CDs and DVDs with *K3B*

May need to install k3b using the package manager

Functions:

- Copy CD
- Copy DVD
- Erase CD-RW
- Erase DVD-RW
- Burn CD image (.iso)
- Burn DVD image (.iso)
- Rip Audio CD
- Rip Video DVD
- Rip Video CD

Configuring *DHCP*

Watch the *lease* time

Don't use *forever*

Each time a different computer connects it gets an IP address and the address is never released.

Set a reasonable lease time. Four hours / half-day etc..

If the computer is still connected at the end of the lease time, it will automatically renew.

Dial-up

Configuring

Where Do *Programs* Come From?

- Source code (human readable)
- Object code
- Binary / executable

- Compiler
- Linker

Ubuntu Studio DVD

There is a download site:

<http://ubuntustudio.net/>

Also available from Linux Central for \$9.95:

http://linuxcentral.com/catalog/index.php3?prod_code=L000-685
